

- Electronic system for welding slotted washers and pins to straighten aluminium sheets in the bodyshop. With gun and slotted washers.
- Easy to use thanks to the short arc technology for fast and precise welding without gas.
- Adjustment of welding current.
- Light and ergonomic welding gun with built-in earth return.
- Welding of close rings (optional: pin) for optimal pull.
- Light and compact.

TECHNICAL DATA

CODE	816160	SECONDARY NO LOAD VOLTAGE	80 V	DUTY CYCLE	2 %

DESCRIPTION

D-Arc 200 is a microprocessor controlled, electronic system fit for applications on aluminium in car body shops. The drawn arc technology makes it possible to weld hook washers and studs on aluminum alloy panels quickly and precisely.

Adjustment of welding current.

It is equipped with D-Arc gun and hook washers.
